Preparing for Casper

What Is Casper?

Casper is a situational judgment test (SJT) that helps you show who you are beyond your grades by demonstrating how you think, make decisions, and approach complex interpersonal situations.

Through realistic scenarios, Casper's open-response format allows you to share your perspective in your own words. It's not about having the "right" answer; what matters is how you think through each scenario and respond with thoughtful solutions, demonstrating key aspects of your social intelligence and professionalism.

To help you prepare for Casper, we've created a comprehensive guide that covers everything you need to know before, during, and after test day.

The full **Casper: A Step-by-Step Guide for Test Takers** includes detailed information about:

- Booking your test
- Choosing the correct test type
- Preparing for Casper
- Technical requirements
- What to expect on test day
- Scoring and quartile results
- Accommodations and fee assistance
- Common questions and troubleshooting tips

Before You Take Casper

Book Early
Reserve your test as early as possible to maximize flexibility and avoid missing distribution deadlines.

Verify Your ID
Identity verification can take up to 3 business days and must be approved before you can begin your test.

Take the Practice Test
The free practice test helps you become familiar with Casper's timing and response format before test day.

Run the System Check
Complete the required System Check no more than 6 hours before your test using the same setup you plan to test with.

Prepare Your Space
Choose a quiet, private space and plan to complete Casper alone without interruptions.

Know the Rules
Notes, phones, speech-to-text tools, AI tools of any kind, and outside assistance are not permitted unless approved as accommodations.

Apply Early for Accommodations or Fee Assistance
Accommodation requests should be submitted at least 4 weeks before your test. Eligible applicants may qualify for fee assistance.
